Southern University Hat trick Champion at Dakhina Inter-University T-20 Cricket Tournament

Southern University Bangladesh clinched the champion's title for the third consecutive time defeating Premier University in the final match of Dakhina Inter-University T-20 Cricket Tournament-2018. In 2016 and 2017, Southern University became the champion. Chattogram Divisional Krira Sangstha organized the cricket tournament at MA Aziz Stadium held from 15 April to 7 May, 2018. A total number of 8 universities took part in this tournament where Southern University cricket team Southern Warriors created history beating Premier University in the final by 6 wickets. Southern University's cricket team captain Sazzadul Houque Ripon was judged the Man of the Final and man of the tournament. He was also the highest scorer, scoring 208 runs in this tournament. Southern

University cricket Team was promoted to Final defeating Port city International University, Chittagong University of Engineering And Technology, East Delta University, Chittagong University and Premier University consecutively in First Round and Semi-final. Chattogram. City Corporation (CCC) Mayor AJM Nasir Uddin handed over prizes among players as the chief guest after the final match. Monthly magazine 'Dakhina' Editor Professor Sarwar Jahan, the divisional Krira Sangstha General Secretary Sirajuddin Md Alamgir, Chief Executive Officer (CEO) of Mufti Royal Clothing Md Shawkat Uddin Chowdhury, Chattogram Jila Krira Sangstha Joint Secretaries Aminul Islam, Shahjada Alam and Member ANM Wahid Dulal were also present at the prize giving ceremony among others.

Civil Engineering Department Gets IEB Accreditation

Civil Engineering Department of Southern University (SU) achieved accreditation from the Institution of Engineers, Bangladesh (IEB). IEB approved the accreditation as

Department of Civil Engineering

IEB Accredited

recognition of ensuring quality education, skilled teacher, updated syllabus, standard laboratory, library and classroom in its 605th central council meeting on August 3, 2018. Following the accreditation, graduate students of the department will be able to apply for recognition from the IEB as professional engineer. The university Vice Chancellor Professor Dr Md Nurul Mustafa, Trustee Board Chairman and Industrialist Khalilur Rahman, Pro-VC Engineer M Ali Ashraf and Treasurer Prof Sarwar Jahan greeted the department for the achievement.

From the Desk of Editor

Issue 42; Fall 2018

We welcome the new and the existing readers to this 42 Issue of Southern News. Remarkable multidimensional activities were done during the summer semester 2018. These are the explicit indications of our onward march to the continuous development and commitment to the academic excellence.

The newsletter of Fall Semester 2018 contains a good chunk of information about our active involvement in various activities. Through this regular publication, It is an honest endeavor to keep our students, faculty, and the well-wishers better informed about our different areas of academic concentrations and other activities of varied interests. This is a mirror of our activities. We do believe, Southern University has been playing a meaningful role in creating worthy human resources for the country; Patriotic enthusiasm and encouragement are always required for a better society. Let's work for the implementation of Agenda 2030 at all levels. Our primary goal of existence is to generate and disseminate knowledge, concerned with the development of every aspect of life.

At this time of the rapidly changing world, we must have strong unity and patriotism for our beloved country where we live. As a nation and as an individual, we have the capacity – to build Bangladesh a much better place.

In fine, we expect that people working inside and outside southern University Bangladesh will remain well informed about the affairs of their university through this newsletter. We express heartiest thanks to those associated with the publication of this news bulletin in time.

With warm regards,
Editorial team

The seminar was organized on the Mehediabag campus Conference room of the university and eminent physicians participated in the seminar. Chief consultant of the AFC Health Fortis Heart Institute in Chattogram Dr AM Shafiq presented the keynote paper while Prof Dr. Md. Nurul Mustafa, vice chancellor of SUB addressed the event as the chief guest. Editor, the monthly Dakhina and founder of Southern University Professor Sarwar Jahan, Pharmacy department head professor Mohiuddin Chowdhury, journalists and teachers were present in the seminar.

Doctors said, death rate is increasing due to cardiovascular disease in the country. People's unconsciousness and unregulated life is a main cause of death. Regular exercise, high blood pressure and dietetic control, take precautions in the diet, it is possible to prevent heart disease. According to the World Health Organization's report of the year 2017, Bangladesh is the fifth among the countries with the highest risk of cardiovascular disease. Although there is a good treatment for the disease in Bangladesh, people are being moved abroad due to propaganda. Media can play a leading role in promoting accurate information of medical services in the country.

Seminar on "STUDY AND OPTIMIZATION OF FIR FILTERS USING A NOVEL ADJUSTABLE WINDOW FUNCTION AND ITS APPLICATIONS " organized by ECE & EEE Departments of Southern University Bangladesh

On the last 22nd July, 2018 at 3.00 pm, a seminar on "Study And Optimization Of Fir Filters Using A Novel Adjustable Window Function And Its Applications" was organized jointly by the department of Electronics and Communication Engineering (ECE) and the department of Electrical and Electronic Engineering (EEE) of "Southern University Bangladesh". The seminar was presented by Mr. Hrishu Rakshit, Assistant Professor & Head, department of Electronics and Communication Engineering (ECE), Southern University Bangladesh. Professor Ahmad Hossain, department of EEE and

the teachers of the corresponding departments were also present in the program. Moreover, a significant number of students from EEE and ECE departments participated on the seminar.

The main purpose of the seminar was to show how the students can develop their ideas in doing research on filter design techniques. Moreover, can follow to make a digital filter more efficient so that it can reduce noise more precisely from the Audio and Electrocardiograph (ECG) signals. Finally, the concluding statement was made by the respected speaker Mr. Hrishu Rakshit. He expressed the final year students have lots of opportunities to do research on digital filter design techniques and optimize its parameters. Not only that, he shows the ways how to publish one's research work in an indexed scholarly journal.

SOUTHERN

The adoption of the 2030 Agenda for Sustainable Development in September 2015 and the commitment from all governments towards the achievement of the Sustainable Development Goals (SDGs) created a unique opportunity to transform the world by 2030. Let's work together for the implementation and accountability of Agenda 2030 at all levels. We believe that participatory processes have to be developed, experienced and monitored at sub-national, local and national level as well as at the regional and global level in all engagements related to the 2030 Agenda.

Together our aims at contributing to overcoming the difference within the capacities, play the meaningful role in the implementation and follow up of Agenda 2030 at all levels for quality education, a unique opportunity to transform the world by 2030. Southern University is one of the signatories for Global Goals for Sustainable Development for a better world. Education is essential for the success of all 17 SDGs and 169 targets which are the ambition of a new universal Agenda. Sustainable Development Goal 4 aims to "ensure inclusive and equitable quality education promote lifelong learning opportunities for all" by 2030. This Agenda is a plan of action for people, planet and prosperity. It also seeks to strengthen universal peace. Let's Commit ourselves to the 2030 Agenda.

As Higher education institutions, our primary goal of existence is to generate and disseminate knowledge, Concerned with the development - every aspect of life.
